MOHAMMED NABEEL K P

05/04/2004 | Indian | Malappuram, Kerala

mohdnabeel2pc@gmail.com | +91 9895335696

SUMMARY

Third-year B.Tech student in computer science and engineering with proven experience building scalable enterprise systems and full-stack applications. Proficient in backend development , frontend engineering. Well-versed in full dev lifecycle: build, test, deploy, iterate. Excellent communication, problem solving, and client-facing experience.

PROJECTS

MESS MARKING WEB APP

Hostel Mess Management System

(Next.js,Firebase,Firestore,Vite)

- Developed a progressive web application for hostel students to mark daily meal preferences (B/L/S) digitally, replacing manual registers. Implemented Firebase Auth for secure student login, Firestore for real-time meal marking & analytics, and automated CI/CD through GitHub Actions. Optimized the system for offline access, push notifications, and installable PWA support to ensure seamless use even during network interruptions, improving mess workflow efficiency.
- By deploying this project the hostel waste has been significantly reduced and it's a very relevent project to our society.

HOSTEL MESS MANAGEMENT SYSTEM for GECT(ongoing)

(Django,PostgreSQL,HTML,CSS,Java script)

- Developed a multi-portal web application for hostel management with separate interfaces for students, clerks, and wardens. Enabled features like mess cut requests, grievance handling, bill generation, and online payments, reducing manual work and improving operational efficiency.
- By developing and continuously improving this system, administrative efficiency is being enhanced, paperwork is being reduced, and the overall hostel management process is becoming faster, more reliable, and user-friendly, making it highly relevant for real-world institutional use.

EDUCATION

Bachelor of Technology

Government Engineering College Thrissur, **APJAKTU UNIVERSITY**
RAMAVARMAPURAM, THRISSUR

B.Techin COMPUTER SCIENCE AND ENGINEERING 2023 – 2027 | CGPA: 7.67

LEADERSHIP & ACHIEVEMENTS

-Qualified in GATE Examination (3rd year)

-Team Lead

:- **Smart India Hackathon** 2025

-FOOTBALL PLAYER

:-won zonals title with college team (2024,2025)

:-won interzone APJAKTU university title with college team (2025)

-MEDIA COMMITTEE

:- in IEDC GECT summer startup festival in 2024

:-in OASIS pain and paliative club

SKILLS

Backend & APIs: Firebase Authentication, Firestore (NoSQL), Node.js (for tooling & CI),Django

Frontend & UI : Vite, JavaScript,

Databases: Firestore (NoSQL), Firebase Storage ,Firebase Hosting, GitHub Actions (CI/CD),postgreSQL

Security and auth: Firebase Auth (Email/Password), Firestore Security Rules, Role-based restrictions, Token-based access

LANGUAGES

English | Malayalam | Hindi | Arabic

SOFT SKILLS

Colloboration | Rapid Protyping | Public Speaking | Adaptability | leadership
